Starr Gems, Inc.

220 W. Drachman
Tucson, Arizona 85705

Mission Statement

At Starr Gems, Inc. our goals are, and have been for nearly 40 years, to provide jewelers supplies to the hobbyists and professionals with an unparalleled level of customer service based on value oriented pricing. Each and every person in the Starr Gems organization has a genuine desire to provide excellent customer service while we fulfill your jewelry supply needs. We are dedicated to carry these ideals on into the twenty first century. We ask you to let us be the Starr on your horizon.

Call or fax us at:

1-800-882-8750

1-520-882-8750

Fax: 1-520 882-7947

E-mail: help@silversupplies.com

Established in 1967 and for almost 40 years, we have been supplying the need of jewelers and hobbyists.

ORDERING & SHIPPING INFORMATION

Shipping

Most orders are shipped the same day the order is received. Orders received after 12:00 PM Mountain Standard Time are shipped the next day.

From time to time we are temporarily out of stock on some items. These items will be backordered and shipped as soon as possible. We will mark backorders on your invoice and include estimated shipping dates.

United States Postal Service

We have found Priority Mail to be very fast, therefore, we ship most orders this way.

C.O.D. orders must be packaged in parcels not exceeding a value of \$600.00 each.

Prepaid orders: Up to \$600.00 will be shipped Priority Airmail Insured. Above \$600.00 will be shipped Priority Mail Registered.

Orders outside the cont. U.S.

To save on shipping costs you may request to have your order sent by Parcel Post mail. Usually 2-3 weeks delivery. Be sure to specifically request this service or we will automatically ship your order by Global Priority Mail.

United Parcel Service (UPS)

U.P.S. is usually the most economical way to ship heavier items (tools, equipment, etc.).

A street address is required for United Parcel Service shipments. United Parcel Service will not deliver to a PO Box.

U.P.S. delivery generally takes about 2-5 days.

Note: Overnight, Next Day and Second Day services are also available.\

Prices are subject to change without notice.

**No Minimum Orders
Required**

Sales Tax

Sales to persons within the state of Arizona are subject to state sales taxes, unless we have a *Transaction Privilege Tax License Certificate* on file or one is included with the order.

Postage & Handling

If you are sending payment with your order, please include an additional 15% or minimum \$7.50, whichever is greater, to cover postage and handling charges.

We will credit or refund any over-payment upon completion of your order. Please advise us of your preference.

Payment

We accept MasterCard, Visa, Discover Card personal checks (see below), certified checks, or U.S. Postal Money Orders. All other orders are shipped C.O.D.

Payment by Personal Check

Personal checks are subject to a 10-day clearing delay. For faster service, include the following information with your personal check:

- ◆ Driver's Licence Number, State, and Expiration Date
- ◆ Date of Birth

This information is kept in strict confidence and is only needed when sending a personal check with your order.

Store Hours

Tuesday–Friday: 9:00 AM to 5:00 PM
Saturday: 10:00 AM to 2:00 PM
Closed Sunday & Monday

Phone orders may be called-in during business hours above

Monday–Friday: 9:00 AM to 5:00 PM
Saturday: 9:00 AM to 1:00 PM

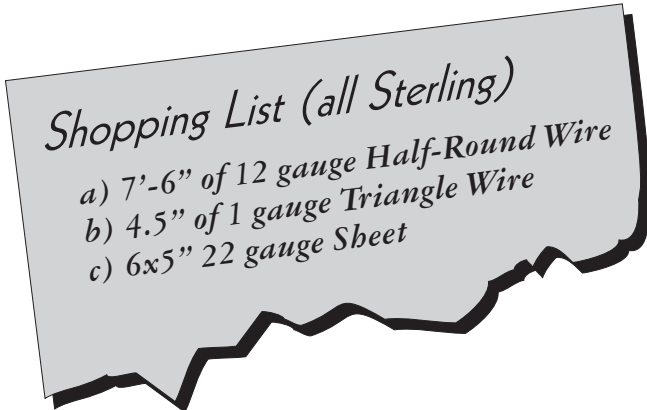

Fax orders: 1-520-882-7947

E-mail: help@silversupplies.com

Arizona does not observe Daylight Savings Time so all listed times are Mountain Standard Time year round. After hours an answering machine is available for orders.

Calculating Silver Prices

Here are the steps used to calculate the cost of your order. For this example we will use the "Shopping List" (right) and assume an *Engelhard Daily Silver Spot* of \$5.00 per ounce. To get the current *Engelhard Daily Silver Spot* value, look in your newspaper's business section under "Metals Market."

Step 1: Weight Calculations

On pages 6 through 8 you will find the bulk metals listings. Included in each item's information is an "Ounce per Measurement" value (Oz/12" for wire or Oz/1x6" for silver sheet). We will be using these values for our example.

GA	IN	Oz/12"	Size/Oz*	ITEM
2	.257	1.650	7"	01.35.002
4	.204	.940	11"	01.35.004
6	.162	.680	18"	01.35.006
8	.128	.424	24"	01.35.008

Example of a Metals Listing. The "Ounce per Measurement" is circled.

Calculating Wire Weight: Multiply the length of the wire by the weight for 1 foot. If the length of wire is less than one foot, simply divide the number of inches by 12 to get the decimal measurement (in the example, item "b" needs this extra calculation).

Calculating Sheet Weight: Multiply the length of the sheet, in inches, by the weight for 1x6 inch (remember, all silver sheet is sold in 6 inch widths).

Shopping List Example:

- a. 7.5 feet times 0.168 oz = 1.26 Ounces
- b. .375 feet times 3.30 oz = 1.24 Ounces (4.5" divided by 12 = .375 feet)
- c. 5 inches times 0.85 oz = 4.25 Ounces

Step 2: Determine Price Bracket

Total the number of ounces of bulk silver to be purchased to determine your ounce price bracket on

Silver (various)

	Ounce Quantities					
	0-2.99	3-9.99	10-24.99	25-49.99	50-99.99	100 plus
Wire: Half-Hard 16 ga & heavier	7.00	6.50	5.50	4.50	3.50	2.80
Wire: Triangle	7.04	6.54	5.54	4.54	3.54	2.84
Sheet: 28 ga. & Heavier	6.05	5.55	4.55	3.55	2.55	1.85

the *Silver Base Price Schedule*. In our example, we are in the 3 to 9.99 Ounce bracket.

Shopping List Example:

- a) 1.26 oz 12 ga 1/2 Round
- b) 1.24 oz 1 ga Triangle
- c) +4.25 oz 22 ga Sheet

6.75 Total Ounces (3 to 9.99 Bracket)

Step 3: Calculate Per Ounce Price

Get each item's per ounce base price from the *Silver Base Price Schedule*. The specific base prices used in our example are circled in the illustration below. Then add the *Engelhard Daily Silver Spot* price (we're using \$5.00 for the example) to each. This gives your cost per ounce.

Shopping List Example:

- a) 12 ga 1/2 Round = 5.20 + 5.00 = 10.20/oz
- b) 1 ga Triangle = 5.35 + 5.00 = 10.35/oz
- c) 22 ga Sheet = 4.25 + 5.00 = 9.25/oz

Step 4: Finishing Up

To get the price of each item, multiply each item's weight (calculated in Step 1) by the per ounce price you calculated in Step 3.

Shopping List Example:

- a. 12 ga 1/2 Round = 10.20 x 1.26 = \$12.86
- b. 1 ga Triangle = 10.35 x 1.238 = \$12.82
- c. 22 ga Sheet = 9.25 x 4.25 = \$39.32

The "Shopping List" Total = \$65.00

Gold Repair & Work Solders Contain Cadmium.
Use only with adequate ventilation.
Do not breathe fumes.

1/20 14K YELLOW GOLDFILLED INFO

What is 1/20 14K Yellow Goldfilled?

The makeup of Goldfilled is comprised of a layer of 14K yellow gold, bonded by heat and pressure to a layer of composition metal (brass). 1/20 is the ratio of 14K gold to composition metal, by weight. The gold content, by weight, is 5%.

In handling this material, we attempt to label only the gold side with gauge marks. When in doubt, a drop of concentrated nitric acid can be used to test.

The acid will have a greenish, boiling reaction on the brass, but no reaction on the gold.

Since the gold layer is thin, care must be taken not to burn or polish through it when soldering or buffing. For the best finished appearance, the jewelry should be plated after all other finishing has been done.
